RENFREW PRO™ AT Professional Athletic Tape

DESCRIPTION

RENFREW PRO™ AT Professional Athletic Tape is specially formulated to meet the demands of amateur and professional athletes. This tape delivers top performance under intense conditions, providing support and helping to restrict motion in muscles and joints. The 100% cotton backing makes RENFREW PRO™ AT Professional Athletic Tape a lightweight tape with superior breathability that is easy to tear by hand. The zinc oxide infused and vanilla-scented adhesive adheres securely and is formulated to provide a smooth and consistent unwind all the way to the core. Use RENFREW PRO™ AT Professional Athletic Tape in conjunction with RENFREW PRO™ 106 Foam Under Wrap to provide a custom applied stabilization while maintaining complete comfort.

RECOMMENDATIONS

Application:
RENFREW PRO™ AT Professional Athletic Tape may be used in conjunction with other RENFREW PRO™ Athletics products to provide a custom applied stabilization while maintaining complete comfort to the athlete. In particular, RENFREW PRO™ Athletics recommends pre-wrapping any area to be taped with our RENFREW PRO™ 106 foam under wrap tape for maximum comfort.

RENFREW PRO™ Athletic tapes should only be applied by trained professionals. Incorrect wrapping may not provide the support needed by the athlete or may restrict circulation if applied too tight.

NOTE: Shelf life is one year from the date of shipment when stored in a cool, dry place below 76°F (24°C). Rolls should be stored on end.
