

## RENFREW™ M002-SPB

### Traction Mat Base

#### DESCRIPTION

Renfrew Pro Mat Bases are made of durable PVC, and have a foam rubber non-skid backing to keep the base from slipping and prevent damage to the floor. Our base has a convenient carrying handle for portability, and when paired with an M002-SP traction mat, provide a convenient solution for your athletic traction needs. Available in white with black backing.

#### APPLICATIONS

- Remove dirt and debris for improved traction and increased safety before stepping on the court
- Use for basketball, volleyball, wrestling, badminton, and other indoor sports

#### PRODUCT BENEFITS

- Improves traction on smooth floors including hardwood and other waxed surfaces
- Increases safety
- Improves performance

Composition	PVC	-	-

## STANDARD PRESENTATIONS

- Dimension : 18 x 19 (inches)
- Dimension : 28 x 29 (inches)

*Note:*

*Available with custom logos*

## RECOMMENDATIONS

Recommended application temperature to achieve best results is 65°F (18°C) or above. Proper bonding may not occur unless adhesive and surface material are both at 65°F (18°C) or above.

### NOTE:

- 1) When applying pressure sensitive adhesive films to any surface, be sure that the surface is dry, free from oil or other surface contaminants such as dirt, dust, or release agents.
- 2) Shelf life is one year from date of shipment when stored in a cool dry place below 76°F (24°C)
- 3) The adhesive layer of the mat becomes slippery when wet.
